

# Refugee Support

*COVID-19 interrupted one Pakistani family's —3 teens and their parents— efforts to move to Toronto with the support of the West End Interfaith Refugee Sponsor group (WEIRS).*

*The process is reawakening now and as they inch closer to their visas, WEIRS is again preparing for the 12- month commitment of support. Things are inching forward. With some volunteers and funding in place, yet more hands are needed.*

***Join the volunteers** and find community in the work of 'welcoming the stranger'. It's a journey of hope, frustration, solidarity and new friends. Please contact Pastor Steve by [email](#) or call 416.766.1424 to learn more.*
